

## FACES OF LEADERSHIP

*Class of 1999*

# Sloan Shoemaker

CARBONDALE

RFL taught me that effective leadership and successful community action is about more than simply a solid command of the issues. It's about self-awareness and personal relationships. What's stuck with me most is this simple guidance: "be hard on the issues and soft on the people." RFL taught me that people can hold different values and respectfully disagree but still work constructively together towards mutually beneficial results and walk away friends.
